### The Governor's STEM Competition

**The Governor's STEM Competition\*** will be held virtually May 6, 2021.

This year's theme is "Improving Pennsylvania Through STEM."

The Governor's STEM Competition challenges student teams from across the state to research, design, and present a device or project that can make the quality of life better for Pennsylvanians by accomplishing a series of practical tasks that can fulfill real-world needs.

Teams are required to partner with their a member of their local community or business to develop a solution to a real problem rooted in the community - this helps create an authentic experience for the students and provides opportunities for them to learn more about career pathways and employment opportunities based in STEM.

Through a series of qualifying regional competitions, and culminating with a virtual final competition, teams present their findings to a panel of judges and
