

# Raspberry Pi Setup

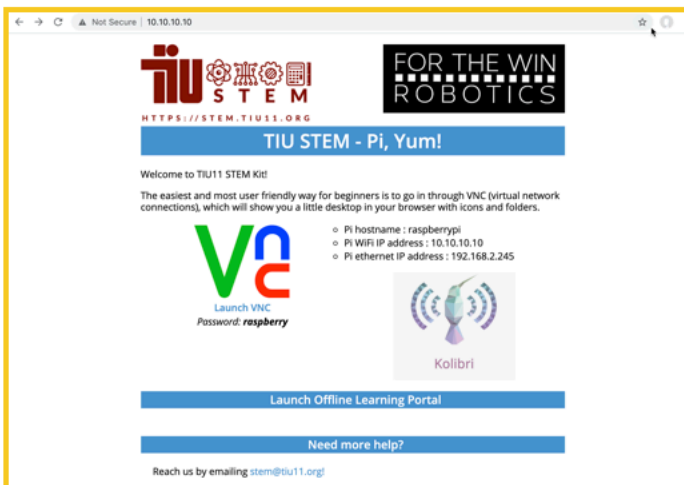

Setting up your Raspberry Pi 3 B+ with the TIU 11 supplied

Connect Pi to power! Wait for about 5 mins for it to start-up for the first time.

Look for the Wireless network called raspberrypi. Connect to it!

Once connected open your favorite browser (ours is Chrome) and type in:  
**http://10.10.10.10 & press enter**

Click on Launch VNC to View the Pi.  
Click on Launch Offline Learning Portal to view the lessons!
